Dear Mrs. Sanderson:

The Barbara Ann Karmanos Cancer Center can't thank you and the foundation enough for all that you have done and continue to do for our cancer patients.

The Karmanos mission includes reaching out to our community to help educate, screen, diagnose and treat all people with cancer regardless of their background or ability to pay. We often have patients who have financial challenges with dependent children and find themselves unable to pay their rent, heat or food bills.

The importance of your support to these families is without question. I, frankly, don't know what we'd do without your ongoing commitment to help these families.

Please accept our sincere appreciation for all that you do.

Warm Regards,

Mary Ann Short
