 **Angels of Hope**

Angels of Hope, an all-volunteer foundation, is committed to making a difference in the lives of Michigan children and those who love and care for them as they battle cancer. We realize that cancer just doesn't impact the patient, it impacts the entire family.

Beyond the science and the statistics, the medicine and the treatments, are people, their challenges and their triumphs. The cure for cancer will be found in the laboratories and research hospitals, but the battle against cancer is fought in neighborhoods like yours and mine.

In order to fulfill the needs and give assistance to families who suffer from cancer, Angels of Hope has created and developed several programs such as; kids first, the holiday program, the smile program, lasting memories, and the angel network.
